

SAXTET PUBLICATIONS has been promoting music written by saxophonists for saxophonists for more than fifteen years. This remains our core area of interest, but the huge potential for the exchange of musical ideas opened up by the Internet has allowed us to expand our range of music for saxophone. Our catalogue has grown rapidly during the past few years and the best place to get a flavour of what's on offer is our website, where you can see, hear and buy our music online...

Gerard McChrystal Reviews Saxtet Publications

"I have to admit that as an ex-member of Saxtet, reviewing so much amazing new music for saxophone gave me a warm glow. Normally it takes a swim in a pool in Brunei without sun cream to do that so it was nice that there was no pain this time. We were often asked if we had sheet music after our gigs but I never imagined that it would lead to such an impressive repertoire list. Congratulations must go to Nigel Wood for guiding Saxtet Publications to the forefront of saxophone music publishing". Music Review Feature - Clarinet & Saxophone Magazine - Summer 2006
